Table 2 Practices by sector

Sector	Firms	Practice
Banking	42	shared reporting of risk exposure across all regional units
Energy	17	emission targets set by the board each year
Retail	33	supplier audits with independent review panels
Health	25	patient outcome dashboards published every quarter

Note: counts are firms in the fixture sample.

Box 1 Lessons from the fixture study

Scope	Reporting covered every unit in the group. Exclusions were explained in the annex.
Timing	Targets were set before the base year closed. Progress was reviewed each spring.
Review	An outside panel checked the method. Its findings were published in full.
Use	Managers used the results in planning. Staff saw them in the annual report.
